**WPA Association Meeting
Sunday, August 28th
10:00 A.M., West Beach**

also a weed update....

The 2011 Fluridone treatment is proceeding as planned and going very well. Other than an excess of rain leading to additional booster treatments, the impact of treatment is obvious and swimming and boating has become possible again.

Please join us at the picnic for some additional conservation information: lawn seed, cleaning products and septic tank maintenance.
